

## **Diploma Courses conducted by Guru Nanak Institute of Technology, Kolkata-700114**

*Three-years Diploma courses in both Electrical Engineering(EE) and Electronics & Telecommunication Engineering (ETCE) have been introduced from the academic year 2015-16. The courses are affiliated to West Bengal State Council of Technical Education(WBSCTE), Government of West Bengal. These courses are in high demand in industrial undertakings for fulfilling their requirements of technically skilled manpower. Students are admitted through counseling of candidates who qualify Polytechnic Entrance conducted by WBSCTE.*

**Aim of these courses:**

- *To educate and train young learners to make them industry-ready*
- *To impart education and Laboratory training in Electrical and Electronic Technology*
- *To equip the students with latest IT technologies as well as soft skills*
- *To impart hands-on technical training so that they could work in industrial circumstances*
- *To enable the students with attitudes and values that are tuned to the global environment and changing technologies & lifestyles*
