

Vision:

1. To ignite young minds with creativity and empowering lives.
2. To train and educate students at both U.G and P.G levels to produce a galaxy of young professionals of outstanding ability who can become leaders in their profession.
3. To pursue new educational initiatives of national significance.
4. To develop responsible citizens who can meet the challenges faced by the society

Mission:

1. To meet the demands for skilled manpower on a global basis in the field of engineering, technology and management.
2. To inculcate amongst the students and inspire them to take up higher studies and research.
3. To impart high quality education by providing the ambience needed for developing requisite skill for excellence in education and industry.

Programme Educational Objectives

Describe the Programme Educational Objectives(PEOs)

Preparing graduates to achieve career and professional accomplishments. The *Programme Educational Objectives* are:

- I. Analytical Reasoning** -To impart knowledge to students on basic science, mathematics and computer science to understand the design and developmental concepts of electronics & communication engineering.
- II. Professional Development** -To train students with good scientific and engineering breadth to comprehend, analyze, design, and create novel products and solutions for the real life problems and also to pursue higher studies.
- III. Team Work**-To inculcate in students professional and ethical attitude, effective communication skills, teamwork skills, multidisciplinary approach, and an ability to relate engineering issues to broader social context.
