**GROUP – C****(Long Answer Type Questions)**Answer any *three* from the following:  $3 \times 15 = 45$ 

		<b>Marks</b>	<b>CO No.</b>
7.	What is eco-friendly technology? Explain with suitable examples. What steps, according to you, should India take to promote eco-friendly technology and products?	15	CO3, CO5
8.	(a) Define and explain Renewable and Non-renewable Energy resources with suitable examples.	8	CO5
	(b) Define & compare Ethics and Morals.	7	CO5
9.	(a) An undergraduate course required for graduation has a reputation for being extremely hard to pass, much harder than similar courses. When posting materials to the class website, the teacher accidentally posts a test with answers indicated at the end. The teacher notices the error immediately and deletes the test, but before she does so a student downloads the test. The website does not allow the teacher to see whether the test was downloaded, and because she deleted the test with the answers so quickly, the teacher later uploaded the same test without the answers and required students to take the test. The Student Code of Ethics prohibits students from taking a test when there is reason for them to believe they have confidential information regarding the answers to a test they are not supposed to have. Violations of the Student Code of Ethics are punishable. Discuss the issues of Ethics and Integrity as you observe in this case study.	8	CO1, CO2
	(b) What are the value crises prevailing in modern society according to you?	7	CO1
10.	(a) Is greed wholly a vice or a trait of character that has both positive and negative sides? Discuss with reasoning.	8	CO1
