Criterion 7.1.1.

Safety and security of Women

Safety and Security of Women:

The security of the Women in the campus is strictly monitored by deployment of security persons along with female security guards. 136 **Closed Circuit Cameras (CCTV)** are installed in all the floors, Corridors, Library, hostels, all laboratories and all the important locations of the College campus for continuous surveillance. Female guards are deployed in the Ladies Hostel 24/7. Males are not allowed in the Ladies hostel except any requirement for maintenance, supply and other works, with due permission from the respective Hostel Superintendent or Warden. During such activity, ladies guards regularly escort the outsiders. Visiting parents or relatives of the boarders are allowed at the reception of the respective hostels after due approval from the Hostel administration. An entry/exit register is maintained in all the hostels where all entry/exits are recorded. Outside the Hostel boundary, male guards are deployed during the night to restrict the movement of males towards the hostels. **Fire safety** is provided in the hostel with the **Fire extinguishers which are regularly checked. Sanitary pad vending machines** are maintained which are readily accessible to all female students, staff and hostelites. A **Complaint Box** is maintained for collecting student grievances and suggestions regarding gender issues. **Awareness programs on women's safety, security, hygiene and self-defense are regularly held** for students as well as women in the surrounding area. There is a separate **Anti-Ragging committee** to investigate and address Ragging related issues and an **anti-ragging squad(Mobile Team)** for regular monitoring to maintain the ragging free environment. GNIT is a Ragging-Free campus.
